Overall GPA: 3.15 (Editing: 3.40, CHum: 3.70)

Supported myself through school 90 percents

Recent Work Experience

Print and Web Designer

2010 - Present

Brigham Young University Student Journal - Provo, Utah

Lead the design staffs and make crucial decisions to create good and interesting designs with limited time and resources in leadership positions on three student journals.

Design Teacher

August 2010 - Present

Brigham Young University - Provo, Utah

Guided class discussions on the foundation principles of design and taught InDesign, Photoshop, and Illustrator to beginning students.

426 E. 2100 N.
Provo, Utah 84604

Other Work Experience

Music Teacher

April 2009 – Present

Art City Music Academy – Springville, Utah

Motivated struggling students produce their best work while improving their skills and understanding in music as a teacher both of private voice and piano lessons.

Cashier

Fall 2010

BYU Creamery on Ninth – Provo, Utah

As a cashier at the BYU Creamery, I improved the image of the store by multi-taking and taking responsibility for my customers as well as the cleanliness and organization of the store.

Server

April 2008 – July 2008

Sub Zero Ice Cream – Provo, Utah

As a server at Sub Zero, I created a fun but effective work environment by promoting the restaurants image and efficiency. Even though the store was often very full and busy, I continued to be upbeat and calm so that, even though I did not spend a great deal of time with individual customers, they felt valued and never flustered.

Cashier

August 2007 – January 2008

Zupas Cafe – Provo, Utah

At Zupas, I served not only as cashier but as an unofficial assistant to many managers in helping new employees transition and the store run smoothly. Management changed many times while I was working there, and so many people depended on my knowledge of the store and the desires of the owners to properly perform their duties. I had many encounters with very frustrated customers in which I was able to smooth over uncomfortable situations for management without abandoning the rules set down or the needs of the store as a whole.

Server

March 2008 – June 2008

Pita Pit – Provo, Utah

As my first experience in food service, I learn many skills at Pita Pit that contributed to my ability to preserve a friendly and clean environment in future jobs.
